Registration instructions for analysts and institutional investors who would like to attend the event in person or for anyone else who would like to view the live webcast can be found [here](#).

### **About InnovAge**

InnovAge is a market leader in managing the care of high-cost, frail, and predominantly dual-eligible seniors through the Program of All-inclusive Care for the Elderly (PACE). With a mission of enabling older adults to age independently in their own homes for as long as safely possible, InnovAge's patient-centered care model is designed to improve the quality of care its participants receive while reducing over-utilization of high-cost care settings. InnovAge believes its PACE healthcare model is one in which all constituencies — participants, their families, providers, and government payors — "win." As of December 31, 2023, InnovAge served approximately 6,780 participants across 18 centers in five states. <https://www.innovage.com/>.
