Full Fiscal Year 2024 Financial Guidance

Based on information as of today, February 6, 2024, InnovAge is reiterating the following financial guidance which is now inclusive of the ConcertoCare acquisition.

	1	Low		High		
		dollars in millions				
Census		6,800		7,400		
Member Months ⁽¹⁾		79,000		83,000		
Total revenues	\$	725	\$	775		
Adjusted EBITDA ⁽²⁾		12		18		

Expected results and estimates may be impacted by factors outside the Company's control, and actual results may be materially different from this guidance. See "Forward-Looking Statements - Safe Harbor" herein.

(1) We define Member Months as the total number of participants as of period end multiplied by the number of months within a year in which each participant was enrolled in our program. Management

⁽¹⁾ Center-level Contribution Margin and as a percentage of revenue, Adjusted EBITDA and Adjusted EBITDA margin are non-GAAP measures. For a definition and reconciliation of these non-GAAP measures to the most closely comparable GAAP measures for the periods indicated, see "Note Regarding Use of Non-GAAP Financial Measures" and "Reconciliation of GAAP and Non-GAAP Measures."

believes this is a useful metric as it more precisely tracks the number of participants the Company serves throughout the year.

⁽²⁾Adjusted EBITDA is a non-GAAP measure. See "Note Regarding Use of Non-GAAP Financial Measures" and "Reconciliation of GAAP and Non-GAAP Measures" for a definition of Adjusted EBITDA and a reconciliation to net income (loss), the most closely comparable GAAP measure. The Company is unable to provide guidance for net income (loss) or a reconciliation of the Company's Adjusted EBITDA guidance because it cannot provide a meaningful or accurate calculation or estimation of certain reconciling items without unreasonable effort. The Company's inability to do so is due to the inherent difficulty in forecasting and quantifying certain amounts that are necessary for such reconciliation, including variations in effective tax rate, expenses to be incurred for acquisition activities and other one-time or exceptional items.

Conference Call

The Company will host a conference call this afternoon at 5:00 PM Eastern Time. A live audio webcast of the call will be available on the Company's website, https://investor.innovage.com. A replay of the call will be available via webcast for ondemand listening shortly after the completion of the call, at the same web link, and will remain available for a limited time. To access the call by phone, please go to this link (registration link), for dialing instructions and a unique access pin. We encourage participants to dial into the call fifteen minutes ahead of the scheduled start time.

About InnovAge

InnovAge is a market leader in managing the care of high-cost, frail, predominantly dual-eligible seniors. Our mission is to enable seniors to age independently in their own homes for as long as safely possible. Our patient-centered care model is designed to improve the quality of care our participants receive, while reducing over-utilization of high-cost care settings. InnovAge believes its healthcare model is one in which all constituencies — participants, their families, providers and government payors — "win." As of December 31, 2023, InnovAge served approximately 6,780 participants across 18 centers in five states. https://www.innovage.com.

Forward-Looking Statements - Safe Harbor

This press release may contain "forward-looking statements" within the meaning of the safe harbor provisions of the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements can be identified by words such as: "anticipate," "intend," "plan," "believe," "project," "estimate," "expect," "may," "should," "will" and other words and terms of similar meaning in connection with any discussion of the timing or nature of future operating or financial performance or other events. Forward-looking statements may be identified by the fact that they do not relate strictly to historical or current facts. Examples of forward-looking statements include, among others, statements we may make regarding quarterly or annual guidance; financial outlook, including future revenues and future earnings; our expectations to increase the number of participants we serve, to grow enrollment and capacity within existing centers, to build and/or open de novo centers, or to find targets and execute tuck-in acquisitions; our ability to control costs, mitigate the effects of elevated expenses, expand our payer capabilities, implement clinical value initiatives and strengthen enterprise functions; the potential effects of the macro-economic environment and lingering COVID-19 impacts on our business; our expectations with respect to current audit post-sanction work, legal proceedings and government investigations and actions; relationships and discussions with regulatory agencies; our ability to effectively implement remediation measures, including creating operational excellence as a provider across all our centers; reimbursement and regulatory developments; market developments; new services; integration activities; industry and market opportunity; and the effects of any of the foregoing on our future results of operations or financial conditions.

Forward-looking statements are neither historical facts nor assurances of future performance. Instead, they are based only on currently available information and our current beliefs, expectations and assumptions regarding the future of our business, future plans and strategies, projections, anticipated events and trends, the economy and other future conditions. You should not place undue reliance on our forwardlooking statements. Because forward-looking statements relate to the future, they are subject to inherent uncertainties, risks and changes in circumstances that are difficult to predict and many of which are outside of our control. Our actual results and financial condition may differ materially from those indicated in the forward-looking statements. Important factors that could cause our actual results and financial condition to differ materially from those indicated in the forward-looking statements include, among others, the following: (i) the viability of our growth strategy; (ii) our ability to identify and successfully complete and integrate acquisitions; (iii) our ability to attract new participants and retain existing participants and grow our revenue throughout our existing centers; (iv) the results of periodic inspections, reviews, audits, and investigations under the federal and state government programs, and our ability to sufficiently cure any new and recurring deficiencies identified by the respective federal and state government programs; (v) the adverse impact of inspections, reviews, audits, investigations, legal proceedings, enforcement actions and litigation, including the current civil investigative demands initiated by federal and state agencies, as well as the litigation and other proceedings initiated by, or on behalf, of our stockholders; (vi) the risk that the cost of providing services will exceed our compensation under the Program of All Inclusive Care for the Elderly ("PACE"); (vii) our increased costs and expenditures in the future and our inability to execute or realize the benefits of our clinical value initiatives; (viii) the impact on our business from ongoing macroeconomic challenges, including labor shortages and inflation; (ix) the dependence of our revenues and operations upon a limited number of government payors; (x) the risk that our submissions to government payors may contain inaccurate or unsupportable information, including regarding risk adjustment scores of participants; (xi) the impact on our business of renegotiation, non-renewal or termination of capitation agreements with government payors; (xii) the difficulty to predict our future results, which could cause such results to fall below any guidance we provide; (xiii) the impact of state and federal efforts to reduce healthcare spending; (xiv) the effects of a pandemic, epidemic or outbreak of an infectious disease, such as COVID-19; (xv) our dependence on our senior management team and other key employees; (xvi) the impact of failures by our suppliers or limitations on our ability to access new technology or medical products; (xvii) the concentration of our presence in Colorado; (xviii) our ability to manage our operations effectively, execute our business plan, maintain effective levels of service and participant satisfaction and adequately address competitive challenges; (xix) our ability to compete in the healthcare industry; (xx) our ability to establish a presence in new geographic markets; (xxi) the impact of competition for physicians and other clinical personnel and related increases in our labor costs; (xxii) labor relations matters, including unionization efforts; (xxiii) the impact on our business of

security breaches, loss of data or other disruptions causing the compromise of sensitive information or preventing us from accessing critical information; (xxiv) our ability to effectively invest in, implement improvements to and properly maintain the uninterrupted operation and data integrity of our information technology and other business systems; (xxv) our ability to accurately estimate incurred but not reported medical expense or the risk scores of our participants; (xxvi) risks associated with our use of "open-source" software; (xxvii) the impact on our business of the termination of our leases, increases in rent or inability to renew or extend leases; (xxviii) the impact of weather and other factors beyond our control; (xxix) the effect of our relatively limited operating history as a for-profit company on investors' ability to evaluate our current business and future prospects; (xxx) our ability to adhere to complex and changing government laws and regulations in the healthcare industry, including U.S. Healthcare reform, the regulation of the corporate practice of medicine and the Health Information Technology for Economic and Clinical Health Act of 2009 (the "HITECH Act"), and their implementing regulations (collectively, "HIPAA"), the California Consumer Privacy Act ("CCPA") and other privacy laws and regulations in the healthcare industry; (xxxi) our status as a "controlled company"; (xxxii) our ability to maintain effective internal controls over financial reporting and other enhanced requirements of being a public company; (xxxiii) our ability to maintain and enhance our reputation and brand recognition; (xxxiv) the impact on our business of disruptions in our disaster recovery systems or business continuity planning; (xxxv) impact of negative publicity regarding the managed healthcare industry; and (xxxvi) other factors disclosed in the section entitled "Risk Factors" in our Annual Report for the year ended June 30, 2023 filed with the Securities and Exchange Commission (the "SEC") on September 12, 2023, and our subsequent filings with the SEC.

Any forward-looking statement made by the Company in this press release is based only on information currently available to us and speaks only as of the date on which it is made. Except as required by law, we undertake no obligation to publicly update any forward-looking statement, whether written or oral, that may be made from time to time, whether as a result of new information, future developments or otherwise.

Note Regarding Use of Non-GAAP Financial Measures

In addition to reporting financial information in accordance with generally accepted accounting principles ("GAAP"), the Company is also reporting Center-level Contribution Margin, and as a percentage of revenue, Adjusted EBITDA and Adjusted EBITDA margin, which are non-GAAP financial measures. Center-level Contribution Margin and as a percentage of revenue, Adjusted EBITDA and Adjusted EBITDA margin are supplemental measures of operating performance monitored by management that are not defined under GAAP and that do not represent, and should not be considered as, an alternative to net income (loss) and net income (loss) margin, respectively, as determined by GAAP. We believe that Center-level Contribution Margin and as a percentage of revenue, Adjusted EBITDA and Adjusted EBITDA margin are appropriate measures of operating performance because the metrics eliminate the impact of revenue and expenses that do not relate to our ongoing business performance, allowing us to more effectively evaluate our core operating performance and trends from period to period. We believe that Center-level Contribution Margin and as a percentage of revenue, Adjusted EBITDA and Adjusted EBITDA margin help investors and analysts in comparing our results across reporting periods on a consistent basis by excluding items that we do not believe are indicative of our core operating performance. These non-GAAP financial measures have limitations as analytical tools and should not be considered in isolation from, or as a substitute for, the analysis of other GAAP financial measures, including net income (loss) and net income (loss) margin.

The Company's management uses Center-level Contribution Margin as the measure for assessing performance of its operating segments. In evaluating Center-level Contribution Margin on a center-by-center basis, you should be aware that we do not allocate our sales and marketing expense or corporate, general and administrative expenses across our centers. We define Center-level Contribution Margin as total revenues less external provider costs and cost of care, excluding depreciation and amortization, which includes all medical and pharmacy costs.

In evaluating Adjusted EBITDA, you should be aware that in the future we may incur expenses that are the same as or similar to some of the adjustments in this presentation. Our presentation of Adjusted EBITDA

should not be construed to imply that our future results will be unaffected by the types of items excluded from the calculation of Adjusted EBITDA. Our use of the term Adjusted EBITDA varies from others in our industry. We define Adjusted EBITDA as net income (loss) adjusted for interest expense, depreciation and amortization, and provision for income tax as well as addbacks for non-recurring expenses or exceptional items, including relating to management equity compensation, executive severance and recruitment, class action litigation costs and settlement, M&A and de novo center development, business optimization, electronic medical record (EMR) implementation, and loss on minority equity interest. Adjusted EBITDA margin is Adjusted EBITDA expressed as a percentage of our total revenue. For a full reconciliation of Center-level Contribution Margin and Adjusted EBITDA to the most closely comparable GAAP financial measure, please see the attachment to this earnings release.
